

ART AND FAITH - A NEW DIALOGUE

Culture e Fede Vol. XXI 2013 N.2

Vol. XXI 2013 N.2

What does the Church have to say to contemporary art and how can we listen to what the currents of the new artistic languages are trying to represent. These were the themes at the heart of the Holy See's initiative, led by the Pontifical Council for Culture to be present at the 55th edition of the Venice Biennale d'Arte in 2013 with its own Pavilion on the theme "Creation, Decreation, Re-creation". This publication tells the story.
